A personal note ...

Gentlemen:

I am writing to protest the proposed rate increase by Aetna Life Insurance Company for individual Medicare Supplement Plans to take effect in January 2013.

I just paid a 40% increase in June and now they are talking about another 15% increase in January. That's almost a $100/month increase in 6 months.

This is totally unacceptable especially to

a retired person like myself living on a fixed income.

Please reconsider these increases. Thank you.

Sincerely,

[redacted]

LINCOLNDALE NY 10540
