Dear Ms./Sir:

We have received two letters from Aetna, one for my Wife and one for Mr. [redacted]. It is advising that Aetna is requesting a 9.9% increase on our rate starting on our anniversary date of July 1, 2013, or later, as for me, I am a disabled [redacted], on May 19, 2013 I will turn [redacted] years of age. My wife [redacted], is also disabled and on July 15, 2013, she will turn [redacted] years of age.

We live on Social Security and whatever is left on our IRA, naturaly we have bills to pay!

If the request is granted, It will cost us for one year for each of us, $4707.72 per year. The Prescription part will cost of each of us, $1,468.80 per year.

We both, in our opinion think this is too much and we don't know if it will go to a higher rate. It is really too much for Medical and Prescriptions. I hope it will not PASS.

Respectfully,

[redacted]
