Subject CONSECO Proposed Premium Rate Increase for Medicare Supplemental Policies.

Re: Proposed Increases by CONSECO of their Medicare Supplemental Policies  
To Whom It May Concern,

I am writing to protest the increases proposed by the above company. Due to the difficulty most of us are having getting employed since age discrimination is alive and well and there is little work to be had for the young nevermind those on their way out. Please keep in mind that medical deductions are already being taken out plus a supplemental to Medicare is not a luxury but an essential considering todays medical costs. Please put a stop to companies such as the above who just put out a programs that was price competitive to get you to leave your other company and then raise the rates to something unaffordable after you make the change to their company.

Please turn down this proposed rate increase for Medicare Supplemental Policies.  
Please protect us from Insurance Company's abuses of their insureds. Thank you

Subject Bankers Conseco Increase on Medicare Supplement Plans

I am writing to request that you turn down the increase requested by Bankers Conseco on Medicare Supplement Plans. It has come time for the government to take more responsibility in protecting the consumer from insurance company lobbies that continue to drain the american consumer with their large premiums and false promises.

Just recently Bankers Conseco created Medicare Supplemental Plans that were said to be better and slightly cheaper than their competitor AARP. No sooner did they get everyone on board from AARP they are now taking action to charge more. Seniors are being overburdened as it is by Insurance Companies high premiums in this very difficult economy. Please put a stop to the

large lobbies and laws that favor insurance company gauging at the consumers expense..

Subject requested insurance rate increase

I have just received a letter from Bankers Consec Life Ins. Co. telling me that they have asked for ANOTHER rate increase in my Me raised these rate the first of March, 2012. If they are allowed to raise them again, it will put the policy out of my financial reach. One in do not allow this company to increase their profits at the expense of the retired people of NY. If you do allow this to happen, you will move out of state in order to survive.

**PLEASE DO NOT LET THIS HAPPEN!!!!**

Judy, a retired [REDACTED] trying to stay in NY

Subject Supplemental Insurance Rate increase

I have just been notified by Bankers Consec insurance that they are requesting a 15% increase in their premium. As a retired individual living on a fixed income I find that amount impossible to accept. This amount would also be assessed on my wife's policy also. Please do whatever you can to stop or reduce this request.
