Re: MVP Notice of Rate Filing

Dear [REDACTED]:

I am self employed, trying to maintain health insurance for [REDACTED] and my [REDACTED]

I am going broke paying current premiums, can not afford the co pays, so have gone without a check-up for 3 years. Now, MVP, under the "Healthy NY" Plan, is asking for another rate increase. Please do something to help us or we will soon be uninsured for the first time in 40 years.

7/24/11

[REDACTED]

[REDACTED] I have received your letter about the premium rate increase. Although my question is not directly about the increase we are wondering if maybe you are a person that can help us. [REDACTED]

[REDACTED]

of this month (July, 2011) we have qualified for MVP insurance through Health New York. Due to our gross income, which anyone knows is a whole lot different than what a family actually has to live on) we no longer qualify for Healthy New York, leaving us without Health insurance for the two of us. Not a good idea but research is not going well and do not no where to turn. Can you help or lead us in the right direction? We only miss the guidelines by \$50.00.

[REDACTED]
