#### Schedule of Proposed Rate Adjustments

Plan A	5.5%
Plan B	10.0%
Plan F	10.0%
High Deductible Plan F	0.0%
Plan K	5.5%
Plan L	5.5%

The premium change is being requested because of the rising cost of healthcare and the impact of claims experience. Plans A, K and L are receiving a trend increase of 4.5% as well as an additional 1.0% to account for members' ages increasing. Plans B, and F are receiving an increase that is 4.5% higher than the other plans in order to begin bringing the loss ratio down to a more appropriate level. Plan F-HD has shown good experience to date in New York and Nationwide. For this reason we are not requesting an increase for Plan F-HD at this time.

Rates vary by Plan and by the area in which the policyholder lives.
